

# Open Strollers On Board Public Buses

From **2 April 2017**

**For the safety of your child, parents/caregivers should observe the guidelines to ensure a safe and pleasant journey for all!**

**Stroller Size Limit:**  
1200 mm X 700 mm

Fold your stroller before boarding, or wait for next bus if bus is crowded.

Board wheelchair-accessible buses (easier to board and more space).

Give priority to passengers in wheelchairs (fold your stroller if they need designated wheelchair space).

The wheelchair ramp will not be deployed, unless necessary. Please approach Bus Captain if you need assistance.

Lock stroller's brakes and hold onto stroller at all times (use stroller restraint system, if available).

Stroller too large to board at front door? Board at rear door but please inform Bus Captain, and tap fare card at front door first.

Do not obstruct other passengers along the aisle or upper deck of the bus.
