

How to use Plan My Route?

- Step 1: Enter your start and destination locations
First, enter your locations by indicating if it is a road name or landmark and decide whether you would like to generate your search result by Shortest Walking Distance or Shortest Travelling Time, then click “Continue”.

The screenshot shows the SBS Transit website's Journey Planner interface. At the top, there is a search bar with a 'go' button. Below the search bar is a navigation menu with links for HOME, ABOUT US, FINANCIALS, PRESS RELEASES, CAREERS, BUSINESS, and CONTACT US. A secondary menu includes iris, SEASONPASS, PROMOTIONS, TRANSPORT SERVICES, and DO YOU KNOW?. The main heading is 'JOURNEY PLANNER' with an image of a bus. A breadcrumb trail reads: Home > iris > iris Journey Planner > Plan My Route. The 'Plan My Route' section has a 'Help?' icon and a progress indicator showing 'Step 1 > Input search options', 'Step 2 > Refine search options', and 'Step 3 > View Results'. The instruction 'Enter your start and destination locations' is displayed. There are two main input sections: 'TRAVELLING FROM:' and 'TRAVELLING TO:'. Each section has an 'Enter Start Location:' or 'Destination Location:' text box, with 'toa' and 'seng' entered respectively. Below each text box is a 'Choose the location type:' section with radio buttons for 'Road Name' (selected) and 'Landmark (Buildings, MRT Stations, etc)'. At the bottom, there is a section 'I WANT TO GET THERE BY:' with radio buttons for 'Shortest Walking Distance' and 'Shortest Traveling Time' (selected). A 'Continue' button is located at the bottom right.

- Step 2: Refine your search options

Next, a list of road names or landmarks matching the first 3 characters that you entered will be displayed. This is to help you with your search in case you are not sure of the full spelling. Make your selection from the list and click “Continue”.

The screenshot shows the SBS Transit website's Journey Planner interface. At the top, there is a search bar with a "go" button. Below the search bar is a navigation menu with links for HOME, ABOUT US, FINANCIALS, PRESS RELEASES, CAREERS, BUSINESS, and CONTACT US. A secondary menu includes iris, SEASONPASS, PROMOTIONS, TRANSPORT SERVICES, and DO YOU KNOW?. The main heading is "JOURNEY PLANNER" with an image of a bus. A left sidebar contains a navigation menu with "Overview", "iris NextBus", "iris Journey Planner" (with sub-links for Overview, Plan My Route, Bus Guide - Landmk, Bus Guide - Rd Name, Bus Guide - Svc No., Bus Guide - Map, and NEL Guide), and "FAQ". The main content area is titled "Plan My Route" and shows a progress bar with three steps: "Step 1 > Input search options", "Step 2 > Refine search options" (which is highlighted), and "Step 3 > View Results". Below the progress bar, it says "Enter your start and destination locations". Under "TRAVELLING FROM:", there is a dropdown menu showing "JLN TOA PAYOH" and a message: "We have found several possible results. Please choose an option from the list:". Below this is an "OR" separator and a link to "Next Option". A downward arrow indicates the next section, "TRAVELLING TO:", which also has a dropdown menu showing "KIM SENG RD" and the same message: "We have found several possible results. Please choose an option from the list:". Below this is another "OR" separator and a link to "Next Option". At the bottom right, there is a "Continue" button.

- If you enter the full road name or landmark name correctly, the search will skip Step 2 and go to Step 3 directly.
- If no match is found, you may have spelt your locations wrongly. You need to re-enter your locations again. If unsure of the spelling, you can search manually by clicking “Next Option”. From here, you can select your location based on alphabets (for road names) and landmark categories. After you have completed your selection, click “Continue”.
