BUS DRIVER WENT EXTRA MILE WITH ELDERLY BLIND PASSENGER

ON AUG 12 at about 8am, I was at the bus stop opposite MacRitchie Reservoir, where I saw an elderly blind man waiting for a bus. I offered to help him watch out for the bus he wanted. No. 165 was not on the list of buses he wanted to take.

When No. 165 (SBS 9660) approached, the female bus driver alighted to ask his destination, and said her bus service did travel there. She was very polite. She even helped him onto the bus and ensured that he sat comfortably near her so she could let him know when they arrived.

My apologies for complimenting this driver only now.
