**Title: DRIVER CONCERNED FOR HURT PASSENGER**

I WAS on SBS service 31 on Feb 27 at about 5.30pm, when I lost my balance and fell. I landed heavily on the steps, head first and on my back. The driver immediately stopped the bus and came swiftly to my aid, as did several commuters. He asked if I needed to see a doctor. With the help of the commuters, he gently got me to my feet. When I alighted, he came up to me again and asked if I was all right.
