Title: BUS CAPTAIN HAD TO GET OFF SEAT TO DIRECT PASSENGERS

ON 28 Feb, about 7.45am, I was on board a bus (either service number 192, 193 or 243), one stop away from Boon Lay Interchange on Jurong West St64.

The licence plate number of the bus is SBS 9068Y.

I would like to commend the bus captain for taking the extra effort in ensuring everyone at the bus stop got on the bus, even the last little schoolboy.

The bus captain personally directed everyone to move to the rear and up the stairs to the upper deck of the double decker bus to allow for more space. This is commendable because, usually, most bus captains will just drive off.

I find some Singaporeans ungracious.

Every morning, many selfish commuters refuse to move to the back of the bus. It's the same problem every day, and especially bad at this bus stop.

At the rate this is going, I think Singapore will win the World Cup sooner than turning into a gracious society.
